Türkçe - English

Sen rahat uyu yüreğimizdesin her an
Sen rahat uyu biz hep izindeyiz atam

Sleep at ease, you are always in our hearts
Sleep at ease, we are always on your tracks father

Sana olan bu aşk ebediyete kadar
Bizdeki bu yangın hiç sönmez hep yanar

The love for you will last forever
This fire in us will never extinguish, it will always burn

Sen ne karanlıkları ışığına boğdun
O puslu ufuklardan umut olup da doğdun

You drowned the darkness with your light
You were born and were the hope in that misty horizon

Sende buldu bu ulus
Sende buldu uygarlığın anahtarını
Cumhuriyetle bu vatana
Sen açtın aydınlığın kapılarını

This people found in you
In you they found the key of civilization
With the Republic to this homeland
You opened the doors of enlightenment

Sen rahat uyu rehberiyiz biz yolunun
Sen rahat uyu bekçisiyiz doğrunun

Sleep at ease we are the guides of your ways
Sleep at ease we are the guardians of the truth

Sen rahat uyu sırtın yere gelmez atam
Adına toz kondurmayız tetikteyiz her an
Sen rahat uyu hiç merak etme atam
Yazdığın tarih hep olacak dillerde destan

Sleep at ease father you won't be defeated
We won't speak ill about you at your back, we're alert
Sleep at ease father don't worry at all
The history you wrote will always be epic in our tongues

Sen rahat uyu sırtın yere gelmez atam
Adına toz kondurmayız tetikteyiz her an
Sen rahat uyu hiç merak etme atam
Gönüllerdeki yerin baki olacak her zaman

Sleep at ease father you won't be defeated
We won't speak ill about you at your back, we're alert
Sleep at ease father don't worry at all
Your place in our hearts will always be eternal
